### **From The Ministry of Design**

A group of children are working with Mrs Davies to develop the range of resources that we have outside to play with. Two areas we would like to develop are The Digging Zone and Dinosaur World. We are making an area to the side of the playground near the summer house where we can dig and are looking to collect the following things to play with in this area; buckets and spades trucks, bulldozers and diggers. We are also planning to make Dinosaur World, an area with gravel and stones where we can play with toy dinosaurs. We need some dinosaurs for this area that are big enough to play with outside without getting lost in the grass. If you (or your family and friends) have any of these toys at home that you no longer play with and would like to donate them to school, please bring them in and leave them with Mrs Davies.

Thank you.
