Working Party Day

A HUGE thank you to everyone who came to help last Saturday, dismantling the large play equipment proved to be much harder than we thought!

Appeal for more help – we would love to get the raised beds for the sensory garden finished before the end of term so if anyone could help with cutting the timbers or preparing beds please contact Mrs Davies.

Plants for September – hopefully we will be in a position to start planting in September so please start preparing cuttings of plants suitable for a sensory garden.

The new play equipment is scheduled to be installed in September.

School Volunteers

If you volunteered in school before the pandemic and you would like to return to helping from September please do get in touch. We welcome help in school, particularly to hear readers and we are looking for volunteers to assist in the new library.

We will however need to re-do everyone's Disclosure and Barring Checks if you wish to return to helping. There is now a small administrative cost for processing DBS checks so please only register if you think you will be able to help on a regular basis. Please contact Julia in the office to find out what is required.

Cemex Private Railway

You may or may not have noticed but the trains are now running again and there has been one arrival (early morning) and one departure (lunchtime) each weekday for the last couple of weeks and this will continue.
Cemex would like to increase awareness of the potential hazards associated with the railway therefore please discuss the dangers with your children if they play independently in the village.
